If Revision, Section(s)
Revi

c. Critical and Creative Thinking:

Students will discuss real world problems and scenarios and identify relevant solutions based on the context.

A process for critical and creative thinking will be outlined throughout the course and students will be expected to use the process for group discussions and assignments

d. Teamwork:

Students will work in pairs and small groups during class discussions and to design and carry out an implementation program

Academic Signature:

a. Applied Skills (field, laboratory practicum):

Students will engage in field observations and teaching labs

b. Ethical behaviour and social responsibility:

Students will outline clear expectations and goals for group work as well as boundaries and ethics around in class student disclosures

Students will be versed on college policy and expected to uphold at all times

c. Intercultural, International and Global Perspective:

Issues related to intercultural perspective in sport and exercise psychology will be woven into all course material
